FLAGS AT HALF STAFF: The flags of the United States flew at half staff at the Kennedy Space Center from sunrise on December 27, 2006 and will continue to fly at half staff until sunset on January 25, 2007, in memory of former President Gerald R. Ford, and in compliance with Title 4, United States Code, Chapter 1, Section 7(m), which requires the flag to be flown at half staff for thirty days following the death of a President or former President. President Ford died on December 26, 2006. (TA-G)

FLAGS AT HALF STAFF: The flags of the United States flew at half staff at the Kennedy Space Center on Monday, January 29, 2007, by direction of the NASA Administrator, in recognition of NASA Remembrance Day. NASA Remembrance Day is usually observed on the fourth Thursday of January, but because the flag was already at half staff for former President Gerald R. Ford, Mr. Griffin chose to have Remembrance Day on Monday. NASA Remembrance Day is the day we remember all those who gave their lives in the exploration of space, but especially the astronauts in the Apollo One fire, the Challenger accident, and the Columbia accident.

FLAGS AT HALF STAFF: The flags of the United States flew at half staff at the Kennedy Space Center on January 28, 2007 in honor of Donald Gary Simmons, a Computer Systems Engineer for United Space Alliance. Mr. Simmons died on January 19 and his funeral was January 28.

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

GRAPHICS/PUBLICATIONS: Before you begin any work for publication, consult the JBOSC Graphics Department. Design lay out must be approved by the CMR prior to printing. Many print requests have to be reworked because of problems with alignments, reductions, and postscript formats. By consulting with JBOSC Graphics first, you will eliminate wasted time and effort to rework your project. Graphics will ensure your artwork is produced efficiently and is suitable for reproduction. Graphics has electronic transfer capability, a proven method for first quality prints directly from the original, compared to low density reproductions from copied artwork. For information, call 867-3838. For your convenience, JBOSC Graphics has two additional offices located in the O&C Building, Room 1152, 867-7419; and, in the OSB Building, Room 6204, 861-3814. (TA-E1)

CAPPS SHIPMENT CUT-OFF TIME: To reduce excessive overtime and one-day shipment cost, please be advised that all daily shipments must be in the hands of the CAPPS Transportation Department (BCMT) at the CAPPS Warehouse building M6-698 complete with all necessary documentation (NASA RFS Form 7-248, Boeing RFS KSC Form 31-177, Shipping Inspection Check List, Property Office Sign-Off, and Packing Instructions) by 2:30 p.m. Shipments or requests received after this time will be processed and shipped the next regular working day. EXCEPTIONS: Approved emergency shipments validated by appropriate Senior Management. (TA-E1)

SECURITY NOTICE: Florida State Statute 316.1975, Unattended Motor Vehicles, states: "no person driving or in charge of any motor vehicle except a licensed delivery truck, or other delivery vehicle while making deliveries, shall permit it to stand unattended without first stopping the engine, locking the ignition, and removing the key." Do not leave the engine running in your unattended vehicle, at any time. (TA-G)

DISCRIMINATION COMPLAINTS: Whenever a KSC employee or applicant for employment believes he or she has been discriminated against, the employee must contact an EEO Counselor within 45 calendar days of the incident giving rise to the complaint. EEO Counselors are trained to inform you of your rights, answer your questions, and perform limited fact-finding into your allegations. Information on the KSC discrimination complaints process is on all KSC Official Bulletin Boards and on the Office of Diversity and Equal Opportunity (OD&EO) website under the heading, "About Discrimination (Your Rights)" at www.ksc.nasa.gov/nasa-only/eo/index.html.
